**V.K. Singh**  
Chairman

The concept of globalization has become a reality and the world has become a global village in true sense of the term. The advancements in the field of Information Technology and other computer applications have diminished the distances to unbelievable proportions. The availability of tremendous amount of information at a click of button has radically changed the perception of learners about education institutes, particularly the ones which cater technical education. With the arrival of multinational enterprises in developing countries, the skilled manpower requirements in the organized industrial sector are being redefined. More stringent standards in technical education and training are being evolved. As a result a new breed of engineering professionals, from managers to shop floor workers trained as per the international norms will be the immediate need in coming years. We, at the Zagdu Singh Charitable Trust believed that the Thakur Polytechnic will contribute positively towards moulding a new generation of technical professionals worthy of serving the industry in the emerging scenario and participate in the process of nation building. It will be our endeavor to provide the best of infrastructural facilities matched by equally competent teaching faculty. I am confident that the right academic ambience prevailing at the Thakur Polytechnic will make learning a delightful experience for you.

## **From C.E.O's Desk**

**Rajesh V. Singh**  
C.E.O

Thakur Polytechnic has proudly stepped into a legacy of contributing to nation's development by a promise to produce highly skilled Engineers for many years to come. The institution has been carved out and erected by visionaries of India who take a distinguished place in today and tomorrow's globalized ethos of technology.

Students are nurtured into technically sound leaders who can design and drive the global market. It epitomizes the belief that an institute is not just a place for promoting academic excellence based on rote learning but upholding an academic excellence based on understanding of the basics and logic behind each subject, which promote innovations, discovery and the will to drive the nation to new heights!

The pool of talent in the form of the faculty is trained to take care of overall development of the students. Various forums and special cells provide a platform for the students to expand the learning horizon and interact with stalwarts from all walks of life.

To synchronize with other rapidly growing globalization & technical advancement across sectors, Thakur Polytechnic has developed a well-equipped strong infrastructure and well-designed laboratories and workshops, to facilitate the best of learning ambience.

## GS SPEECH FOR ANNUAL MAGAZINE

Warm greetings to everyone. I Mst. Paras Virendra Salvi, the General Secretary of Thakur Polytechnic, feels honored to speak few words. Firstly, I would like to thank our Principal Sir Dr. S. M. Ganachari for keeping faith in me and electing me as the General Secretary of our prestigious institution. Also, I would like to give special thanks to our Cultural Incharge, Mrs. Rita Vora for mentoring me periodically and the teaching and non-teaching staff for always giving a helping hand in times of need.

An institution is not only a place that focuses on education but also a temple which encourages personality development and various talents of the students. Thakur Polytechnic is such a temple; This was my main motive due to which I joined the Cultural Committee in the very First Year. This helped me to groom and evolve by actively participating & organizing different events & competitions.

Good teams incorporate teamwork into their culture, creating the building blocks for success and so are our all the committees who worked hard day and night to make the events a grand success. I can proudly say that, in these three years, I had a wonderful journey from a Cultural Member to the Singing Head and from Singing Head directly to the General Secretary of our college in its 25th Year. If one advice I would want to give you then it would be that people have made a wrong consideration about competitions that either a person wins or he loses but, for me either a person wins or he learns, Cause if a person wins he is perfect then the other competitors but if he loses then he learns from the mistakes and evolves. This thought has always helped me to evolve much better than I was earlier.

To sum up everything that has been stated so far, I would just say

लाख दलदल हो, पाँव जमाए रखिये,  
हाथ खाली ही सही, ऊपर उढाये रखिये,  
कौन कहता है छलनी में, पानी रूक नहीं सकता,  
बर्फ बन्ने तक, हौसला बनाये रखिये.

Lastly, I would assure you that, these three years of diploma at Thakur Polytechnic will leave no stone unturned to add glories to the memories of your college life.

Thank You.

Paras Virendra Salvi

## CS SPEECH FOR ANNUAL MAGAZINE

Dear All, Being the Cultural Secretary of Thakur Polytechnic was a great experience indeed. It was an exciting and responsible role that allowed us to actively contribute to the vibrant cultural life of the campus. This position requires a passion for the arts, organization skills, and the ability to bring people together in the pursuit of creativity and entertainment. The Cultural committee of Thakur Polytechnic gives a platform to the students through which they get a chance to showcase their talents and improve their capabilities. We encourage students to participate actively and to be committed to developing and polishing their talents. The students were able to showcase their talent and creativity through the various activities and functions organized under our Cultural Committee such as - Vocal and Instrumental Music, Semi-Classical, Western and Indian forms of dance, singing, etc. Such functions are held throughout the year at various levels. At the college's 25th anniversary celebration, we also planned "Goonj-Ek Aagaz 2022-2023", in which the students participated enthusiastically. These years was the new beginning of many things for us and due to covid we had very less experience but it was all possible by the guidance of our Cultural incharge Rita Vora Ma'am, Cultural Faculty Members and to our amazing student Cultural Team. A big Thanks to them! Serving as a cultural secretary of this college offered us an opportunity to make a lasting impact on the college community and create memorable experiences for students. In addition, we would like to add that this role also provided us with opportunity for personal growth and development. If you have a passion for the Culture and want to make a difference, we'd like to say being a Cultural Secretary is a position worth considering. We are truly grateful to the college for providing us an opportunity to be a part of this beautiful family and express ourselves through the vivid creative expressions inspired by our cultural heritage.

Thank You.

## INDEPENDENCE DAY

Just like every year, this year too we celebrated Independence Day with the same fervor and passion. Our Principal Sir, Dr. S. M. Ganeshari and all the teaching and non-teaching staff members along with the students were cordially invited to add to the patriotic feeling of celebrating 75 years of independence from the excruciating shackles of the British men. Everyone was clad in the colors of the Tiranga and the hall was embellished in the same hues. All in all, it was a magnificent sight to behold! We began with the singing of the national anthem to fill the air with the bittersweet feelings of immense gratitude and profound grief for the ones who lost their lives so that the coming generations could breathe in the air of freedom. We had a plethora of dance performances ranging from classical to hiphop. Our teachers kindled the flames of nationalism by filling the air with their dulcet voices. After taking some photos and distributing some refreshments, the event came to a close.

## TEACHER'S DAY

On the occasion of Teacher's Day, our college celebrated the invaluable contributions of our teachers who have played an integral role in shaping our academic and personal growth. The celebration was held on the 5th of September, 2022, and was attended by faculty members and the teaching and non-teaching staff. The program begins with the lighting of the lamp followed by our Principal sir, Dr. S. M. Ganachari's sagacious speech. We had organized a plethora of performances ranging from mindboggling dance performances to enticing songs sung by our very own students; filling the air with the calmness of their dulcet voices. Amidst the performance, in order to keep the audience hyped up, we had fun, interactive and mentally-stimulating games which were thoroughly enjoyed by all at large. A video was then showcased which exhibited gratitude towards the teachers and acknowledged their tireless efforts towards the betterment of students to which we are eternally grateful and forever in debt. To add to this, each teacher was given a personalized card with a unique message written. A photo booth was set up at the back garnished with alluring props. A nail art stall was also set up especially for the female staff. All in all, the event was a resounding success!

## FRESHERS

On the occasion of welcoming the new batch of students, our college organized a freshers party on the 15th of September, 2022. The ceremony began with a welcome speech by the college principal, who congratulated the new batch of students and welcomed them to the college. The principal also emphasized the importance of balancing academics and extracurricular activities. The General Secretary, Mr. Paras Salvi, also gave a very encouraging speech to get the new batch going with utmost vigor and enthusiasm. The various performances showcased the talents of our students, who presented various songs, dances, and skits. The performances were well-coordinated and entertaining, and the audience enjoyed them thoroughly. The freshers also got an opportunity to showcase their talent, which was appreciated by everyone. The party also included various games and activities organized by the cultural committee. The games were designed to help the students get to know each 34 other and bond with their peers. The activities helped the students relax and have fun. The highlight of the party was the Mr. and Mrs. Freshers competition, where the newly admitted students got an opportunity to showcase their talent and personality. The competition included various rounds like talent round, Q&A round, and ramp walk, which helped the judges determine the winners. The competition was entertaining, and the winners were felicitated with certificates and prizes. The party ended with the distribution of refreshments, including snacks and soft drinks, which were enjoyed by everyone. The freshers party was a great way to welcome the new batch of students and help them feel comfortable and welcomed in the college. The party was well-organized, and the efforts of the student council and organizers were appreciated by everyone. It was a great opportunity for the students to showcase their talent, interact with their peers and seniors, and have fun. We look forward to similar events in the future!

## NAVRANG 2K22

On the occasion of Navratri, our college organized a Garba celebration on the 8th of October, 2022. The ceremony began with the lighting of the lamp by our principal, Dr. S. M. Ganeshari. The celebration began with the Garba dance, which is a traditional dance form performed during Navratri. The students and faculty members dressed in traditional attire and danced to the beats of Garba music. The dance was well-coordinated, and the energy and enthusiasm of the participants were infectious. The Garba dance was followed by Dandiya Raas, which is another traditional dance form performed during Navratri. The students and faculty members danced with dandiya sticks and matched their steps with the beats of the music. The dance was lively and entertaining, and everyone enjoyed it thoroughly. There were several awards given to the students as well as the teachers for their groovy moves and up to the mark, top-notch costumes. The Garba celebration was a great way to celebrate Navratri and promote Indian culture in the college. The celebration was well-organized, and the efforts of the student council and organizers were appreciated by everyone. It was a great opportunity for students and faculty members to come together, interact, and have fun. The celebration ended with everyone feeling energized, happy, and looking forward to similar events in the future!

## REPUBLIC DAY

Republic Day is a significant event in India that is celebrated annually on January 26th 2023. This day commemorates the adoption of the Constitution of India, which came into effect on January 26, 1950. Our college organized a grand event to celebrate Republic Day, which started with a flag-hoisting ceremony. The principal of the college hoisted the national flag, and the National Anthem was sung by everyone present. The ceremony was followed by speeches by the principal and other dignitaries present. The speeches emphasized the importance of the day and the values enshrined in the Constitution of India. After the speeches, the cultural program began. Various events such as dance performances, skits, and songs were organized by the students. The performances showcased the cultural diversity of India and the unity in diversity that is an integral part of the Indian ethos. The students performed with great enthusiasm, and their performances were well-received by the audience. The Republic Day celebrations at our college were a grand success, and the event was a fitting tribute to the spirit of the day. The event showcased the cultural diversity of India and emphasized the importance of the values enshrined in the Constitution of India. The celebrations were well-organized, and the participation of the students was exemplary. Overall, the Republic Day celebrations at our college were a memorable experience, and it left a lasting impression on everyone present.

## GOONJ EK AAGAZ-2K23

The 25th Annual Function of our college was an extraordinary occasion that celebrated the illustrious history of our institution, and its steadfast commitment to academic excellence and the holistic development of its students. The event was held on the 11th of February 2023, in a resplendent auditorium, which was festooned with stunning decorations and shimmering lights. It was a grand success, with an unprecedented turnout of students, esteemed faculty members, and distinguished guests. The function was inaugurated by the Principal of the college, who delivered an eloquent address that highlighted the remarkable achievements of the college over the past 25 years. The Principal emphasized the college's unwavering dedication to providing high-quality education, fostering creativity and critical thinking, and nurturing the holistic development of its students. His words instilled a sense of pride and admiration among the attendees, and set the tone for the rest of the event. The cultural program of the event was a mesmerizing showcase of the past scintillating college years; the time period for which was divided into 4 segments, each segment having a plethora of phenomenal instances of students showcasing their talent through dancing, singing and much more. The program itself commenced with an enchanting welcome dance that captured the essence of the occasion. The audience was then treated to a captivating classical music performance by the college choir group that left them spellbound. The dance performances by the 42 students were nothing short of spectacular, showcasing their exuberance, creativity, and unparalleled talent. The event concluded with a video-speech from our Cultural Head, Mrs. Rita Vora, who expressed her profound gratitude to all the guests, faculty members, and students who had made the event a grand success. She acknowledged the tireless efforts of the students and faculty members in organizing the event and ensuring its flawless execution. The attendees were effusive in their praise for the efforts of the organizers, and the resounding success of the event was a testament to their hard work and dedication. In conclusion, the 25th Annual Function of our college was an indelible event that celebrated the indomitable spirit of our institution, and the remarkable achievements of its students and faculty members. The event was a glorious manifestation of the college's commitment to academic excellence, holistic development, and nurturing well-rounded, socially responsible individuals. It was a momentous occasion that will be cherished and remembered by all those who attended it, and we look forward to many more such events in the future.

## FAREWELL 2K23

The farewell event held at Thakur Polytechnic on 29th April 2023. It was a memorable and heartwarming occasion to bid farewell to the graduating students. It was a celebration of their achievements and a time to express gratitude for their contributions to the school community. The event was filled with joy, laughter, and a touch of nostalgia as students and staff gathered to give their best wishes to the departing students. The event commenced with an inspiring speech by the principal, who commended the graduating students for their hard work, dedication, and outstanding performance throughout their time at the school. The principal reflected on the students' journey, shared fond memories, and emphasized the importance of resilience and perseverance as they embark on their new endeavors. To infuse the farewell event with an air of festivity, various dance and singing performances were organized. Students showcased their talents through graceful dances and melodious musical performances. The vibrant energy and enthusiastic participation of the performers brought the entire audience to life, creating an atmosphere of joy and excitement. The farewell event also provided an opportunity for the departing students to express their heartfelt emotions and gratitude to their teachers, friends, and the school. Several students took the stage to deliver emotional speeches, reminiscing about their experiences, expressing their appreciation for the support they received, and sharing their hopes and aspirations for the future. The speeches were filled with sentiments of gratitude, friendship, and optimism, leaving many attendees teary-eyed and nostalgic. To add an element of lightheartedness and humor to the farewell event, fun awards were presented to the students. These awards recognized various qualities or quirks of the students and brought laughter to the gathering. Categories such as "The Popular Kid," "The Technical Genius," or "Teacher's Pet" were designed to acknowledge and celebrate the unique traits and personalities of the departing students. Following the speeches and awards, a DJ was arranged to keep the spirits high and ensure everyone had a memorable time. The DJ played a mix of popular songs, catering to a wide range of musical preferences, and encouraged students to dance and enjoy themselves.

The Institute is fully equipped to train students in almost all disciplines in sports and games i.e., Athletics, a modern gymnasium, lush green pool table, Table Tennis, Cricket, Football, Volleyball, Chess, and Carrom. The best possible facilities in terms of modern equipment, spacious playfields, and expert coaching staff provide the students with every opportunity to excel in sports and games. The institute has also obtained the membership of Inter Engineering Diploma Students Sports Association (IEDSSA) to encourage promising students with opportunities to prove their mettle in sports by winning prizes in various inter-collegiate sports tournaments. The institute also organizes the “Annual Sports Meet” named “Aventura” to promote indoor & outdoor sports among students.

## THE ANNUAL SPORTS MEET 2022-23

**Date:** 7th October 2022

**Venue:** Thakur Polytechnic

We organized an event “Sport’s Fair”. The idea was to conduct a fun event for the college student, as from past one & half year students were at home and didn’t receive a chance to enjoy themselves with their friends, so we came up with this idea. There was various event conducted like arm-wrestling, Hopscotch, Luck game, Slow cycling, Ball passing and etc. Each category had their own set of rules and criteria for judging. The event commenced on 7th October 2022 and Result declaration were on the spot. We circulated Google Form links for the participants to enter their required details. We received great response from various branch of our college for our event. Huge number of students participated and made this event a great success.

## AICTE MEET FOR INNOVATIVE IDEAS (ONLINE)

Under the banner of AICTE meet for innovative ideas our IIC committee of Thakur Polytechnic invited a guest from a very prestigious organisation AICTE (All India Council of Technical Education) to lecture us for opening our brains to more creative ideas. With this event for students we at IIC committee tried to bring about ideas that are innovative, new and creative in each individual's mind. He told us to give at least 15 minutes to look all over the internet and our surroundings to come up with ideas that are out of the box. As this event was conducted in an online mode it enabled our student to attend the meeting from their houses and anywhere else simply through google meet.

**Inviting Young Tech Geeks with Innovative Ideas.**

**WIN CASH REWARD OF ₹6+LAKHS, TROPHIES AND A CERTIFICATE OF EXCELLENCE.**

It can be as easy as 1-2-3 that can be converted into a Money Making Product, Service, Solution, Equipment etc. with a big utility value. Best Idea, Innovation and approach to best solve our issues. Or your innovative ideas.

## BOILER INDIA EXPO

Under the banner of Boiler India Expo the IIC committee of Thakur Polytechnic arranged this tour for us to make use of this practical knowledge in real life. A thermal power plant produces 70% of electricity in the world. It is a job of high maintenance and requires highly skilled works. Also exposing the children to information of this topic which would be advantageous for them if they wish to pursue a mechanical profession. All the mechanical students were able to understand the concept of thermal power generation in a more detailed manner. The plants use fossil fuels to generate power which is still abundant and economical. The initial investment cost for the installation of a thermal power plant is also less as compared

## NATIONAL ENERGY CONSERVATION DAY

Under the banner of Pollution Control Day we at Thakur Polytechnic arranged a poster making competition to suggest ways to ensure that we can conserve energy which we burn out on a daily basis. By conserving energy we also help in conserving resources like electricity and natural gases is the message our IIC committee conveys through such competitions. When you limit your energy usage, you lower your impact on the environment.

Along with helping consumers keep more cash in their pockets, it also helps protect the environment from excess resource use and carbon dioxide emissions. All the students who participated in the competition along with the other students who took a look at the posters also took meaningful messages from it.

## SEMINAR ON "VR & AR TECHNOLOGY"

Under the banner of – National Innovation Day our students from their respective branches attended a seminar exposing their minds towards one of the leading technologies in the world AR & VR technology organized by Mrs. Nirmala Kamble.

## IV – DHANU POWER PLANT

**Description:** On March 20, 2023, representatives from Thakur Polytechnic went to a dhanu power plant to learn more about the technology. The representatives had the chance to learn firsthand about the many benefits of nanopower plants, such as their high energy efficiency and minimal environmental impact. The representatives were awed by the nanopower plant's efficient design, including its clever energy-saving features and usage of renewable energy sources. Students gained an understanding of the numerous uses of nanotechnology and had the opportunity to hear from professionals in the industry about how it may be applied to lower energy use and improve sustainability.

He currently manages a boutique financial firm where he offers advice to institutions and individuals developing sound investment strategies. He is the creator of Tenuity Investing, an investment adviser that is registered with SEBI.

## ELOCUTION COMPETITION

The competition was an open competition between students of Thakur Polytechnic, so anyone from the first year to the third year could participate in this competition. To judge this competition, on the judge's panel we had Tushar Sir and Bindi Ma'am from the faculty, who specialise in English language. The contestants who participated in the competition were scrutinized and judged by parameters like their stage presence, ability to captivate the audience, their vocabulary and grammar. The contestants were first very nervous because of their lack of experience in talking in front of audience, but as the program progressed they were getting better and better. With each performance the students discovered their talents in speaking.

At first while coming on the stage they stuttered in their speech and were low on confidence. But once they got a hang of it they excelled at all their speeches.

## POLLUTION CONTROL DAY

Under the banner of Pollution Control Day our college Thakur Polytechnic organized a poster making competition to ask the students to suggest the ways in which the pollution can be avoided which is emitted on a regular basis in big cities like our Mumbai. Because of vehicles and factories the pollution which we emit in our nature has been causing some very serious damage to the environment. We have developed ourselves so much that now we easily travel long distances using vehicles but it is fair enough to say that we are losing our beloved environment in the process of our development. Hence our committee has arranged for this competition for each of the participants as well as the viewers who saw the posters to know how adversely affected our environment is and in what ways we can overcome this problem of pollution.

## PROBLEM SOLVING AND IDEATION SEMINAR

Under the banner of problem solving and ideation, we called an expert from outside. He is an alumni of our institute thakur polytechnic and he passed out of our institute in the year 2013. He is Mr Abhishek Sanil, he is a faculty mentor of science kidz educare pvt ltd.

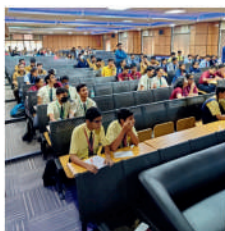

He showed us ways in which we can realize the ideas that come up in our minds. He also told us that are ideas or thoughts shouldn't be restricted by the branches we are taken admission in for example if we are in information technology it shouldn't stop us from making a project in a mechanical project. He guided us in terms of starting to think about the ideas early.

## SCHOOL CONNECT

Under the banner of School Connect we at Thakur Polytechnic's IIC committee conducted a general quiz competition. The competition started with the first round which was general quiz round. And then we moved to the second round which was the picture quiz round in which the school kids were shown multiple pictures of an object and they were supposed to guess the right picture. The third round was the rapid fire round which can be considered an elimination round to elect the finalists. And then the event ended with the buzzer round where the finalists were supposed to hit the buzzer if they knew the answer.

## NATIONAL SCIENCE DAY

Under the banner of National Science Day, our committee organised a model making competition. Each student from different colleges made models based on software, electronic, mechanical, miniature building models by civil branch, etc.

All the students presented the model to the teachers who were the judges for the event. The models were judged based on their creativity and how smoothly or well it works. And based on the judgement by the judges 3 winners were selected.
